

Run a Smarter, Safer Kitchen

Value-Added Eggs from Michael Foods help you run a more efficient kitchen.

Save Prep Time

Anything you can do with a conventional egg, you can do more quickly with our value-added eggs.

Assure Safety

Virtually eliminate the risk of Salmonella and cross-contamination. Safely serve soft, runny, and even raw eggs.

Serve Real Eggs

All value-added eggs are made with real, farm-fresh eggs.

Refrigerated Liquid Eggs

Papetti's® Liquid Eggs are real, from-the-shell eggs—we've just cracked them for you.

It only takes one minute to pour the equivalent of 30 dozen eggs, plus they're pasteurized and conveniently packaged to save space and provide peace of mind.

Pasteurized Shell Eggs

Davidson's® Pasteurized Shell Eggs virtually eliminate the risk of Salmonella and cross-contamination, allowing you to confidently serve eggs prepared any style, whether sunny side up, poached, soft scrambled, or even raw.

Fully Cooked Refrigerated Scrambled Eggs

From the refrigerator to a plate in minutes! Papetti's® Fully Cooked Refrigerated Scrambled Eggs are not only real and delicious, they save you time and protect you from stressing over food safety.

Papetti's® Refrigerated Liquid Eggs

Our Liquid Eggs are pre-cracked and pasteurized to make your back-of-house both efficient and safe. Serve up the taste, nutrition and functionality of traditional shell eggs while increasing safety to protect your guests and your reputation! Plus, they take up only 1/3 the cooler space of shell eggs and last up to 14 weeks.
